

SHANNON TEAT – MUSICAL THEATRE + OPEN

Shannon Teat's love for performing began at an early age. While growing up in Vancouver, she trained at the elite studios Danzmode, Harbour Dance, and was a member of The Source Dance Company its very first year. She trained in jazz, ballet, tap, hip hop, musical theatre, singing, modern, partnering, lifts, and ballroom.

Shannon enjoys teaching and has choreographed for studios and workshops across Canada. She has appeared in commercials, print, television, music videos, film, as well as doing motion capture for video games with EA Active. Shannon was a member of the Vancouver Grizzlies Dance Team and kept busy working industrials and live performances across Canada.

Longing for travel, Shannon was selected and began working for Royal Caribbean Cruise lines as a dancer, singer, and Dance Captain travelling all over the world and being fortunate enough to meet her husband who was also a

performer! Later she began working as rehearsal director and assistant in auditions tours for Royal Caribbean.

Shannon has a love and passion for Musical Theatre and will take any opportunity to see live theatre. Among many touring shows coming to Canada, her most memorable theatre experiences have been each time she goes to see London's best in the West End. Shannon has also toured through North Africa performing for the Canadian military and all over China in a Vegas style revue show creating incredible memories and friendships. It was around that time Shannon found a love for the other side of performing as well. She began crossing over to working on panels of more audition tours, adjudicating dance competitions, as well as being invited to sit on casting selections for various projects.

Almost 3 years ago Shannon was fortunate enough to be offered a new opportunity with da Costa Talent Management and become their newest Vancouver agent representing the West Coasts best actors, dancers, and singers. Shannon's love and passion for the entertainment industry is evident and feels extremely lucky to continuously get to do what she loves every day and represent the most talented performers!
